

Is your 18-25 year old using alcohol or other drugs?

→ We are conducting a research study funded by the National Institutes of Health that may be able to help!

If **eligible** for this study you could:

- Gain FREE access to an online training program
- Receive FREE individual phone sessions with a CRAFT* coach
- Make positive changes in your life
- Improve your relationship with your young adult child
- Help us evaluate an online version of an effective training

In order to be eligible to participate in this study, **your child must be between the ages of 18-25 and cannot currently be in treatment** for his or her substance use.

All training is provided free of charge and is confidential. You will be compensated for completing research-related questionnaires.
